Taubenheim Gelbvieh has really opened our eyes to hybrid vigor. In prior years we used Angus on Angus and raised calves with little definition and lighter weaning weights. Now our Gelbvieh sired calves have growth, muscle and eye appeal. This year's late February and March steer calves weighed 807 in mid-November and sold for \$1.20. Not only are the steer calves awesome, we also save a nice group of heifers each year that make tremendous cows with a great disposition.
